## Who Are We?

Almost 50 years ago, community leaders and activists formed the organization known as Highbridge Advisory Council Family Services Inc.

Highbridge Advisory Council's (HAC) seven (7) sites are nestled in the Highbridge/Morrisania section of the Bronx. HAC successfully serves children from Highbridge neighborhoods of the Bronx and the entire New York City area.

Annually, we serve approximately 1,400 children at seven (7) sites. Over the years, HAC programs have served approximately 90,000 children.

HAC prides itself on fostering a safe and nurturing learning environment.

## What We Do...

HAC offers quality early childhood education for children ages two (2) and five (5) years old. Through the use of High Scope and Creative Curriculum, HAC offers a variety of subjects such as Literacy, Math, Science, and Nutrition.

All HAC programs are permitted by the New York City Department of Health and Mental Hygiene. In collaboration with New York State Dept of Education, New York City Dept of Education, and New York City Administration of Children's Services, we provide year round early education services to children with special needs.

Currently four (4) HAC programs are nationally accredited by NAEYC (National Association for the Education of Young Children) and New York State Quality Stars.

At HAC, we have a team of Therapists on site. We offer Speech, Occupational, Physical, and Counseling therapy.

HAC also offers parent/family workshops. Some past workshops included Nutrition, First-Aid C.P.R and Pedestrian Safety just to name a few.

Lastly, parents will be happy to know that HAC sites are certified to administer medication.

We offer a wide range of programs and services:

- Childcare/Pre-School
- Head Start
- Universal Pre-Kindergarten
- Pre-School Special Education
- Pre-School Evaluation
- Speech Therapy
- Occupational Therapy
- Physical Therapy
- Counseling
- Family Day Care (6 weeks to 3 years)

### HAC Partnerships

- Bronx District Attorney Read To Me programs
- Bronx Lebanon Asthma Initiative
- Columbia University - National Center for Children in Poverty
- Cool Culture
- New York City Day Care Council
